Breakfast

Protein oatmeal

310 cal · 30g protein · 40g carbs · 4g fat — 1 serving

½ cup (40g) dry oats cooked in water, 1 scoop (30g) vanilla protein stirred in, ⅔ cup (100g) berries, cinnamon.

PER SERVING (matches the macros above)

- 40g (½ cup) — dry rolled oats, cooked in water
- 30g (1 scoop) — vanilla protein powder
- 100g (⅔ cup) — fresh or frozen berries
- pinch — cinnamon

STEPS

- 1 Measure 40g dry oats into a small saucepan and cover with about 1 cup water (add a splash more if you like looser oatmeal).
- 2 Bring to a gentle simmer over medium heat, then cook 4–6 minutes, stirring often, until the oats are thick and creamy.
- 3 Take the pan off the heat and let it sit 30–60 seconds so it isn't boiling-hot — this keeps the protein from clumping.
- 4 Sprinkle in the scoop of vanilla protein and stir vigorously until fully dissolved and smooth. If it seizes, splash in a little warm water and keep stirring.
- 5 Spoon into a bowl, top with 100g berries and a pinch of cinnamon, and eat warm.

Berry protein smoothie

270 cal · 28g protein · 34g carbs · 4g fat — 1 serving

1 scoop (30g) protein, 1 cup (140g) frozen berries, ½ medium banana, 1 cup spinach, 1 cup unsweetened almond milk.

PER SERVING (matches the macros above)

- 30g (1 scoop) — protein powder
- 140g (1 cup) — frozen berries
- ½ — medium banana
- 1 cup — fresh spinach
- 1 cup — unsweetened almond milk

STEPS

- 1 Add the almond milk to the blender first so the blades catch easily.
- 2 Layer in the spinach, half banana (fresh or frozen), frozen berries, and protein powder on top.
- 3 Blend on high 45–60 seconds until completely smooth — no spinach flecks. Stop and scrape the sides once if needed.
- 4 If it's too thick to pour, add 2–3 tbsp more almond milk and blend again briefly.
- 5 Pour into a glass and drink cold right away (or chill 5 minutes if you prefer it colder).

Sausage, egg + whites

420 cal · 36g protein · 29g carbs · 14g fat — 1 serving

2 chicken breakfast sausage links, 1 large egg + ½ cup (120g) egg whites, 1 slice (2 oz) sourdough.

PER SERVING (matches the macros above)

- 2 — chicken or turkey breakfast sausage links (Applegate or similar, no added sugar when you can)
- 1 — large egg
- 120g (½ cup) — liquid egg whites
- 1 slice (2 oz) — sourdough bread

STEPS

- 1 Warm a nonstick skillet over medium heat. Add the two sausage links and cook 6–8 minutes, turning so all sides brown and they're cooked through (no pink).
- 2 Push sausage to one side (or remove to a plate). In a small bowl whisk the whole egg with 120g egg whites until evenly combined.
- 3 Pour the egg mixture into the empty side of the pan. Let it set for 20–30 seconds, then scramble gently with a spatula until just cooked through — soft, not dry — about 2–3 minutes.
- 4 Meanwhile toast the sourdough slice until golden.
- 5 Plate sausage, scramble, and toast together; season eggs with a pinch of salt and pepper if you like.

350 cal · 25g protein · 49g carbs · 5g fat — 1 serving

- 28g (¼ cup) — granola
- 75g (½ cup) — berries

STEPS

- 1 Spoon 227g cold yogurt into a bowl and smooth the top.
- 2 Drizzle 1 tbsp honey evenly over the yogurt (warm the honey 5–10 seconds if it's too thick to pour).
- 3 Scatter 28g granola across the top so it stays crunchy.
- 4 Finish with 75g berries. Eat immediately so the granola doesn't soften.

Egg white veggie scramble

400 cal · 39g protein · 25g carbs · 13g fat — 1 serving

1 large egg + $\frac{3}{4}$ cup (180g) egg whites, $\frac{1}{2}$ cup peppers + 1 cup spinach, 2 chicken breakfast sausage links, 1 small orange.

- 1 cup — fresh spinach
- 2 — chicken or turkey breakfast sausage links (Applegate or similar, no added sugar when you can)
- 1 — small orange

STEPS

- 1 Cook the two sausage links in a nonstick skillet over medium heat, turning, until browned and cooked through, 6–8 minutes. Set aside on a plate.
- 2 In the same pan, sauté the diced peppers with a light mist of oil spray for 2–3 minutes until they start to soften.
- 3 Add the spinach and cook 30–60 seconds until just wilted.
- 4 Whisk the whole egg with 180g egg whites. Pour over the veggies, let set briefly, then scramble gently until the eggs are set but still soft, 2–3 minutes.
- 5 Plate the scramble with the sausage. Peel and serve the orange on the side.

Cottage cheese + peach

320 cal · 28g protein · 30g carbs · 10g fat — 1 serving

1 cup (226g) 2% cottage cheese, 1 medium peach, 1 tsp honey, 1 tbsp (10g) hemp seeds.

PER SERVING (matches the macros above)

- 1 tsp — honey
- 10g (1 tbsp) — hemp seeds

STEPS

- 1 Spoon 226g cottage cheese into a bowl.
- 2 Wash and slice the peach into thin wedges (leave the skin on if you like).
- 3 Arrange peach slices over the cottage cheese, drizzle with 1 tsp honey, and sprinkle 10g hemp seeds on top.
- 4 Eat cold. If the peach is firm, let it sit at room temp 10 minutes first so it's sweeter and juicier.

Protein pancakes

410 cal · 36g protein · 49g carbs · 9g fat — 1 serving

½ cup (40g) dry oats blended, 1 large egg, 1 scoop (30g) vanilla protein, ¼ cup (60g) unsweetened applesauce, ½ tsp baking powder. Top with 1 tbsp maple syrup.

- 30g (1 scoop) — vanilla protein powder
- 60g (¼ cup) — unsweetened applesauce
- ½ tsp — baking powder
- 1 tbsp — maple syrup (topping)

STEPS

- 1 Blend the dry oats in a blender or food processor until they look like fine flour, about 20–30 seconds.
- 2 Add the egg, protein powder, applesauce, and baking powder. Blend until you have a thick, pourable batter with no dry pockets. Rest 2 minutes so the oats hydrate.
- 3 Heat a nonstick skillet or griddle over medium-low. Lightly mist with oil spray.
- 4 Scoop small pancakes (about ¼ cup batter each). Cook 2–3 minutes until bubbles form and edges look set, then flip carefully and cook 1–2 minutes more. Lower the heat if they brown too fast — protein batter burns easily.
- 5 Stack on a plate and drizzle with 1 tbsp maple syrup while warm.
